

Dear ISSOP Members,

We have finalised the program for our next conference in Beirut (<http://partnershipforchildhealth.org/issop-program-information/>).

It is a very attractive program where we can all learn a lot from the experts who work on the field, share experiences and try to find solutions to end this hardship.

Hope you can all come to the meeting.

From the Scientific Committee we recommend that if you are planning to come please register as soon as possible. You will find all the information on ISSOP's webpage under "Next Meeting".

If you have any questions please do not hesitate in contacting me.

We are still working on the Social Program and will let you know as soon as it is arranged. It will be a fun one!

Our goal for this meeting is to reach at least 200 attendants, so we ask you to please disseminate the program to your Societies and colleagues as much as possible and try and get as many professionals as you can to come.

Looking forward to seeing you all again, in Beirut!

Best wishes to All

Barbara.
